

THE GRADUATE UNION - COUNCIL

Non-inclusion of name and contact details in copies of the Register of Members provided to other Members

From the 3rd February 2021 Members may nominate for a position on our Council. If the number of nominees is greater than the number of available positions, the Returning Officer will send to all Members voting papers and information about the candidates.

Candidates may seek to send additional campaign material to all resident and non-resident Members of our Association. For this ‘proper purpose’ candidates may request access to the Register of Members to gain name and contact/address details. The Graduate Union is then obliged to provide election candidates with a copy of the Register of Members.

If you do not want your name and contact details to be included in the copy of the Register of Members given to election candidates, please inform the Secretary of The Graduate Union in writing (post, as an email attachment or hand delivered). We will then ensure that the copy of the Register of Members given to the election candidate does not include your name and contact details.

*** Please note that if you have requested previously non-inclusion of your name and contact details in the copies of the Register of Members provided to other Members please complete and **return this form only if you require changes** (e.g., you now prefer to have your name and contact details provided to other Members).

The Graduate Union cannot and must not impede the democratic process of elections. If you tick the box above, you will still receive additional election campaign material if candidates ask this to be sent. However, this material will be sent from our offices (the cost being charged to the candidate) and candidates will not receive your name and contact details from The Graduate Union.
