About Graduate House

Graduate House provides college accommodation to university students - undergraduates and graduates - and is a vibrant gathering place.

Graduate House is owned and run by a membership association that began over 110 years ago. Over 60 years ago this international collegium acquired seven terraces and opened as a residential college specifically for university students.

Our association exists as both a Union and a House.

The Graduate Union is an international association of graduates from just after graduation through to retirement.

Graduate House is where students and academics reside and meet others who pursue excellence in career development and research.

THE GRADUATE UNION of The University of Melbourne Inc.
